Three War Pictures Shown At Six Places To Be Feature As Fifth War Loan Drive Begins

By F. Karl Shock, Promotional Chairman, 5th War Loan Drive

"Invasion Punches!" invades Comanche County the week of June 12th and this county will get its own special punch at the Axis. The Fifth War Loan Show, a blood - and - bombs action - filled movie of actual combat, will send 50 minutes of thrills and chills through the county when the three official war motion pictures included in "Invasion Punches!" —complete with sound—are shown at six different places in the county. The program will be free and will be shown at the following places:

Comyn: Night of June 12.
Beattie: Night of June 13.
Sipe Springs: Night of June 14.
Sidney: Night of June 15.
Comanche: Night of June 16.
Gustine: Night of June 17.

In addition to the three special war films, two war-wounded heroes are being brought here from Army general hospitals for the big show, Eiland Fagan, War Finance Committee Chairman, said.

Comanche County will raise its quota and get in its punch at the Axis. Only this time the punch will be bigger and greater than ever before: it will be an invasion punch!

"Invasion Punches" consists of three moving and important motion pictures and of two war heroes telling of their experiences with the enemy. The special films to be shown are "Kill or Be Killed", "Film Communique No. 6", and "German Fortifications".

"Kill or Be Killed" shows various aspects of hand-to-hand physical combat. It shows that brass knuckles and blackjacks and sawed off shotguns have a place in war. It is grim: a clean right to the jaw is good, but a right thumb in the eye may be more effective at times.

"Film Communique No. 6" contains several sections. In it are: a pictorial record of the taking of Cape Glouseter and Arawe on New Britain Island; scenes showing the wear and tear of mud on our men and equipment in Italy; "Crasshopper" planes — "Flying Jeeps"—directing and checking on results of artillery fire; "Yankee Rope Trick," which is the unusual story of a B-24 Liberator rescuing a stranded Liberty Ship; portable oil lines laid from Italian ports for taking vital fuel to the front lines; and "A Gal Named Stella", which shows a battle damaged Fortress being repaired.

"German Fortifications", is the Germans own film of the fortifications erected along the English Channel to repel invasion from the north. The American commentary with the film brings out interesting points. The film gives an absorbing picture of the lengths to which German preparations have gone and gives indication of the growing German fear.

The program is free. Everyone is expected to attend this big "Invasion Punch" show.

Death Mother, Dad, and All:

Just a few lines to let you know that I am still O.K. although I am having a hard time with them now. They come at us every night in droves. You can't see them very easily but you hear them dive down at you. Tonight I was lucky and downed ten of them. Yes, those mosquitoes now are bad. Well, I still haven't gotten the candy and cigarettes yet so suppose you will have to try again. I am getting my mail regularly now. It takes 15 days, but some times I get it within 10 days.

Love to all,
E. J.

Eugene Wilson Shot To Death Tuesday Night

Eugene Richard Wilson, 23, was shot just before midnight Tuesday outside Fritz' Dance Hall, a mile over in Mills County on the Comanche-Priddy road. He died a few minutes later.

Sheriff J. H. Harris of Mills County who was in Comanche Wednesday morning investigating the shooting, said that Fritz Dinklage, proprietor of the dance hall, was being held in the Mills County jail in Goldthwaite, pending filing of charges.

A Comanche youth, who made the trip from Comanche to the dance hall with Wilson and who drove the Wilson car back to Comanche following the shooting, said that five shots were fired, three or four of which hit Wilson. A pistol was used in the shooting which occured just after they had arrived, the youth said.

The installation ceremony consisted of the following:

ATTENDING ENCAMPMENT

Miss Mary Catherine Slider left Tuesday for Kerrville where she will attend the Presbyterian Young Peoples Conference. She is the daughter of Mr. and Mrs. W. H. Slider of Comanche.

Miss Olga Schwartz, night operator here for Texas Telephone Company, set off the spark that gave the citizens of Comanche their first knowledge that the great Allied invasion of the European Continent had begun Tuesday morning when at about 3:30 o'clock she telephoned the news to Fire Chief R. C. Graham who at once turned on the fire siren, a signal previously agreed upon to announce that the invasion had started.

Soon nearly every one who has a radio was listening to the account of the great push and most people have thought of but little since that time. Citizens of some other parts of the county doubtless were a little later in learning of the news, but they were no less interested nor concerned, as there is hardly a home that does not have some relative or close friend who is believed to be taking part in the invasion. Just how many Comanche County men are actually in the fight is not known, but it is thought that there are many.

Comanche County citizens at home are backing the attack with work, prayer and money. Prayer meetings were held in several Comanche churches early Tuesday morning and the church bells were rung soon after the sound of the fire siren.

Just how well the people at home will back the boys on the invasion line can be judged by how well they respond to the Fifth War Loan Drive that gets underway here Monday. A person's patriotism should not be judged by the size of the Bond he buys but rather by his willingness to buy all he can.

It would be a great tribute to our fighting men for Comanche County to subscribe the whole total of $460,000 the first day the Fifth War Loan Drive officially begins—Monday.

Sgt. Luksovsky Back From Italy

Sgt. Charlie Luksovsky, holder of the Silver Star for gallantry in action, and who was in the thick of the fighting in Italy for several months, is back in the United States on furlough, and visiting his wife, the former Mamie Jo Brooks, Comanche, Rt. 1, and his parents, Mr. and Mrs. Frank Luksovsky in Moulton.

Sgt. Luksovsky was awarded the Silver Star by General Mark Clark in Italy on Christmas Day, for showing exceptional gallantry in action. After his captain and commanding company officer was killed in a battle, the sergeant took over command of the company, and successfully directed his company to victory over the Germans in this engagement.

While awaiting reassignment, Sgt. Luksovsky will continue to visit here and at Moulton.

Friday and Saturday of this week the sixty-fifth annual meeting of the Texas Press Association will be held in Dallas.

* *

The convention has been cut from three to two days and most entertainment features eliminated.

* *

Most of the problems discussed will be how to publish a paper under wartime conditions so that the community served may derive the most good.

* *

Also, a number of noted officers high in the rank of the Army and Navy as well as international war correspondents will appear on the program and outline just what the newspapers can do to help the war effort.

* *

The newspapers have been classified as an essential industry during the war.

* *

The local newspaper is the best medium and sometimes nearly the only way in counties where there is no local broadcasting system, of giving out information about the war as it effects the local citizens.

* *

Information about Bond rallies, scrap iron drives, Red Cross work, etc., are only a few of the instances in which the county newspaper can and does help the war effort.

* *

The Comanche Chief has received "Certificates of Award" for valuable service rendered in giving publicity in the Bond drives, the Red Cross Blood Donor drive, and the salvage scrap drive.

* *

Men in any profession, trade, or occupation, or business can get valuable information and inspiration by attending general meetings of those engaged in similar work, if they are not too conceitel and think that they know it all already.

* *

Just meeting and talking informally with those engaged in a similar occupation, often inspires a man or woman, to go back home and try to do a better job.

* *

Even the "dullest" can teach the "smartest" something if he is willing to learn.

* *

We believe that every man or woman should love and enjoy the occupation, business, or profession, in which they are engaged and as long as they are active should be open to "more light" on their work whenever and where ever they can get it.

Comanche County Men Are Dying! Are You Buying?

●

INVASION NOW UNDERWAY!

●

Your Dollars Are Needed Now To Make It Successful

WHEREVER your invasion forces are fighting—at sea, in the air, on the ground—they're working together for victory. They know that they must depend on each other, for only by coordinated teamwork will they win through to final victory in the earliest possible time.

The Fifth War Loan starts next week. It's going to take teamwork—a lot of it—to put this drive over the top. For we've got a job to do. As the tempo of invasion rises every one of us must mobilize for support of our fighting men.

In every city, town and hamlet men and women like yourself, have banded together as war bond Volunteer Workers, giving their time to taking your subscriptions for bonds. Support them. Give them the kind of teamwork our boys are giving to each other on the fighting fronts!

When your Volunteer Worker calls, *double* your war bond subscription. It's their job to help raise $16 billion of money for victory during this Fifth drive, $6 billions from individuals like yourself.

Make up your mind to welcome your Victory Volunteer with a friendly smile and an open checkbook—remembering that it's teamwork that does it!

DOES PAPER FIGHT? Well, consider: If it hadn't been for paper, not one shell could have been fired, not one bomb could have been dropped that drove the Nazis out of Rome and blasted a path for the invasion of France—because every bit of munitions shipped from the U.S. to the fighting fronts must be packed in paper. It's still a long way to Berlin, and that's why it's so important that salvaging paper should be an every day part of your life until the war ends. Here's what to do with it: Tie papers and magazines separately, and sell at Hoffman's Dept. Store for 40c cwt. or cooperate with the Boy Scouts by having it ready on their pick-up dates June 16-17. It's all going to war—to bring your sons back home sooner than if you waste it. —Sol Hoffman, Comanche County Official Dealer.

ELECTRIC DEHYDRATOR NOW ON DISPLAY AT SERVICE DRUG STORE

General Electric Dehydrator for dehydrating fruits and vegetables at home is now on sale at the Service Drug Store and the price is only $45.00. The U.S. Department of Agriculture says that dehydration of fruit and vegetables is probably the only method which enables the home producer to save all garden and orchard, and vineyard food surpluses produced in the summer for use in winter without greatly increasing the demand fo rtin cans and glass jars. In addition electric dehydration is easy, simple, and effective and safe and at the same time supplies the individual with an adequate variety of food that will be as high, if not higher, in vitamin mineral, flavor, and color content than is obtained by the usual canning and winter storage methods used in the past. It saves the house wife much time in a hot kitchen, much worry and work. Just put your fruit or vegetables in the dehydrator and for the time being forget about it. Call at Service Drug Store and let us show you the dehydrator and explain how it works.—Service Drug Store. (tf)

The battle for the World is on!

NOW THAT the chips are down . . . now that our men are writing decisive history with their blood . . .

There can be no halfway measures for *us*.

The greatest battle in the history of the world *must* be matched by the greatest war loan in the history of the world.

That's what Uncle Sam says . . . the same Uncle Sam for whom your brothers and sweethearts and husbands are fighting and dying this very minute.

They, in the front lines, are throwing in everything they have.

We, behind the lines, must do the same.

Remember, this is the battle for the WORLD. *Our* world. And we've *got* to win it. That's why Uncle Sam expects every dollar, like every soldier, to do its duty.

A Switch in Time saved Mine...

I remember from school.

I once had to do a composition about the world's greatest invention being *wheels*. Just think of gear-wheels, water-wheels, and especially all the wheels for transportation! But right now the greatest thing of all, I'd say, is to keep wheels *going;* keeping your car in service, for instance. There's this and that to help you. There's one motor oil and another. Now from what I know, the explosions in any engine must produce acids, which brings up the bright idea of safely OIL-PLATING your engine's insides with Conoco N*th* motor oil. You want to prevent damage from acids...internal corrosion! Some things are specially good at fighting corrosion, and OIL-PLATING comes in that class. Even chromium plating, just for comparison, couldn't stay closer to working parts than this protective OIL-PLATING. It battles corrosion, so as to help you preserve your transportation as soon as you switch to Conoco N*th* oil.

Workers Urgently Needed To Make Surgical Dressing

Workers are urgently needed at the Surgical Dressing Center here, according to an announcement from Mrs. A. P. Cox, County Red Cross Surgical Dressing Center chairman.

"We have a large quota to finish, and with the invasion underway, these bandages are certain to be needed more than ever; and we feel sure that we'll get another quota just as soon as we've finished with these," explains Mrs. Cox.

The local Red Cross work room, on the third floor of the courthouse is open every week day afternoon, and each Friday night. All ladies of the county are invited to come in and help make these surgical dressings; and special invitations go to rural clubs in various Comanche County communities.

Mr. and Mrs. John Riordan who had been operating the T-P Station on the Brownwood Highway, had Burks Transfer and Storage Company to move them last week to the Smith house in North Comanche. It pays to get Burks to do your moving. (adv)

Local Postal Clerk Great Grandson Of Samuel F. B. Morse

Arthur S. Morse, Comanche post office clerk, may not be able to boast that his forefathers came over with the Mayflower, but he could tell, if he liked, that he is the great grandson of the late Samuel F. B. Morse, noted inventor of the telegraph.

Recently the nation took time out from the war to honor the memory of Samuel Morse on May 24, for the unveiling in Washington, D. C., of a plaque commemorating the centennial of the telegraph.

Arthur S. Morse of Comanche was among the relatives who received a printed invitation for the unveiling and a personal invitation from Honorable Wall Doxey, Sergeant of Arms of the United States Senate. Two of Mr. Morse's brothers, Charles W. Morse and Blecker Lansing Morse, Galveston attorney, accepted the invitation and were in Washington for the unveiling.

Other great grandchildren who received invitations were Robert J. Morse, New Orleans; Richard Willis Morse, Detroit, Michigan, and Mrs. Elsie Deyo also of Detroit.

A. S. Morse when asked by his government to attend the function at Washington, received greater official recognition tha never was extended by the United States to his now famous great grandfather, for he was officially recognized as the descendant of the great genius, while the inventor himself was not even recognized as a genius until years after he completed his invention and sent the first message ever to go over the wires: "What Hath God Wrought". The message was sent from Washington to Baltimore.

An interesting store concerning the great inventor, carried in a recent issue of The Galveston News, will be carried in an early issue of The Chief.

Recent visitors in the home of Mr. and Mrs. W. M. Grigsby were S2/c John T. Beaty of San Diego, S/Sgt. and Mrs. Clarence Reith and daughter of Ft. Smith, Arkansas, and Mrs. Glen Falkner of Houston.

Mayor F. P. Bowman and wife of Goldthwaite with their daughter, Mrs. Jason Moore and her daughter, Laura Marjorie, visited his mother, Mrs. Chas. T. Bowman in the home of Mrs. S. V. Williams Sunday afternoon.

Mrs. Truman Williams and little daughter, Margaret Ann and her parents, Mr. and Mrs. L. L. Williamson and sister, Miss Ima Jean, visited in the home of Mrs. S. V. Williams Saturday. Truman has been transferred to the Hawaiian Islands from the Gilberts. He has been overseas for about a year.
